FOR IMMEDIATE RELEASE

New Traffic Signal at SR-94/Daisy Drive in Jamul

SAN DIEGO—Caltrans issued a permit to the Jamul Indian Village for traffic control on State Route 94 (SR-94)/Campo Road related to the installation of a new temporary traffic signal at the intersection of SR-94 and Daisy Drive.

The signal will flash all yellow beginning Wednesday to alert motorists about the change. The signal will be fully activated to “red-yellow-green” phasing the week of Aug. 15.

Work will continue on the intersection for signing and striping.

Motorists are advised to look for changeable message signs and traffic flaggers to provide guidance through the area. Please note that the speed in the construction zone has been reduced to 45 MPH.

The work is privately funded as part of the Jamul Indian Village Access Improvement Project on SR-94.
